Partner Revenue Agreement

HOW IT WORKS

David Meeks & Partner
Orlando, FL

20% of all monthly revenue goes into the **Business Reserve** first.

10% of total monthly revenue is the **Sales Bonus** — paid to whoever sold more that month. This comes out of the Business Reserve.

80% of total monthly revenue is split evenly — **40% each**.

25% of each person's earnings goes into their own personal **tax savings account**.

EXAMPLE — \$10,000 MONTH

Revenue	Amount	Notes
Total Revenue	\$10,000	
Business Reserve (20%)	\$2,000	Held in business account
Split Pool (80%)	\$8,000	Divided between partners

Sales Bonus (from Reserve)	Amount	Notes
Sales Bonus (10% of \$10,000)	\$1,000	Whoever sold more
Remaining Business Reserve	\$1,000	Stays in business account

Take Home Pay	David (won bonus)	Partner
Base Pay (40% each)	\$4,000	\$4,000
Sales Bonus	+ \$1,000	—
Gross Earnings	\$5,000	\$4,000
Tax Savings (25%)	- \$1,250	- \$1,000
Take Home	\$3,750	\$3,000

Paid once at end of each month. Tax savings are each person's individual responsibility. Florida has no state income tax — 25% covers federal income + self-employment tax with a small buffer.
