AI CHATBOT PACKAGES — PERFORMANCE SHARE

No monthly fee — ever. You pay a one-time setup fee to get started, then 20% of the first job revenue from each new customer the chatbot sends your way. If it brings you zero new customers that month, you owe us nothing.

Starter

\$750 setup + 20%

per new customer's first job · 3–5 day setup

- **Custom-trained AI chatbot**
Trained on your services, hours, and FAQs — answers accurately
- **Answers FAQs 24/7**
Handles common questions so you're not repeating yourself all day
- **Live appointment booking**
Customers book directly through the chat — no calls needed
- **Lead capture (name + phone)**
Every visitor who chats leaves their contact info
- **Installs on any website**
Works on any platform — no site rebuild required
- **Mobile-friendly widget**
Chat button and window work perfectly on any phone
- **Monthly reporting**
A monthly summary of chats, leads captured, and bookings made
- **Google Calendar integration**
Bookings go straight into your calendar — no manual entry ever
- **Appointment reminders**
Auto-texts customers 24hrs before their booking to reduce no-shows
- **Monthly invoice from logs**
We invoice based on our booking records — transparent and simple

Pro

\$1,250 setup + 20%

per new customer's first job · 3–5 day setup — MOST POPULAR

- **Everything in Starter**
All Starter features fully included
- **Lead qualification**
Bot asks budget and scope so you only get serious, ready-to-buy leads
- **Multiple service routing**
Handles 3+ services — directs each customer to the right booking flow
- **CRM sync**
Every lead automatically pushed to your contacts — nothing slips through
- **Automated re-engagement**
If someone doesn't book, the bot auto-texts or emails them to bring them back
- **Quarterly tune-up**
We review real conversations every 3 months and optimize what converts
- **SMS follow-up**
Auto-texts every new lead after they chat so you stay top of mind
- **Review request automation**
After a job is done, bot auto-texts the customer asking for a Google review
- **Multilingual support**
Bot runs in English and Spanish — reach more customers automatically

How billing works: By the 1st of each month you report the revenue collected from new customers who first reached out through your chatbot. We invoice 20% of that total. We maintain timestamped booking logs as the official record — transparent and straightforward.
